## 5 - LOCATIONS

Do you have any location available to film in? As simple as a bedroom/  
living room?

Most high budget productions will spend a lot of money to hire a location -  
so if you have access to anywhere interesting through your own  
connections, friends, work, family etc - let's use it!

If not, not worry - we can scout simple locations for you or are able to  
rent higher budget locations at an additional fee.

We also have access to a large variety of locations in Swanley, a 25  
minute train from London Victoria, and with plenty of free parking. A  
variety of bedrooms, a small office, a large garden, large kitchen, cinema  
room, small gym & corridors that can be filmed in.

## Extras

**We also can provide these extra services - for more information  
please ask Professional hair & makeup services - from £100 per day  
Industry director for the day - from £40 per day**

## FILMING

Some tips to a highly successful film date:

- \* Know your scripts off book, back to front - practice recording your lines on your phone so you can watch back your expressions and pick out what you like and don't like.
- \* Bring positivity, confidence and attack on the material!
- \* Bring a selection of clothing options - like headshots - plain, block colours that contrast with your skin/hair/eyes. Bring a brighter statement option. Layers and accessories can work great too!

## THE EDIT

**You'll be sent the first edit of the scenes within 2 weeks.**

**You have up to 2 sets of editing notes.**

**Rushes need to be requested prior to the edit process.**

**We will also create a reel out of the key sections of your scenes. We will discuss with you the order, and which sections you would like.**

**Pre-existing film footage can be added for an extra £25.**

**You will be sent the finished products in two formats, a HQ & LQ version.**

**We love writing, filming and creating, and we love working with actors. We aim to have a creative, fun, relaxed filming day where we create material that showcases your acting and casting and helps you get into that casting room!**
